

## School Holiday Session

These sessions are designed to provide social experiences for children and young people, whilst engaging in fun and interactive activities. Run by experienced therapists, participants will have a chance to try different activities without committing to a longer block of therapy. New and existing clients welcome, come and try our state-of-the-art therapy centre.

# RoboTech

## Age groups

5-8 years old  
9-12 years old  
13+ years old

## Location

**Can:Do 4Kids, Noarlunga. Located at Colonnades Shopping Centre, best parking is the Coles carpark entry off Burgess Drive.**

Scan the QR Code for the latest dates and times

## Goals of the group:

- Provide experiences to clients that may be difficult to access without the support offered by allied health therapists
- Provide access to accessible resources and technology for clients to participate in sessions focusing on high-interest topics
- Provide the opportunity for social connections with peers also accessing our services
- Provide 'real world' practice for clients to use their assistive tech/supportive devices for purposes that are meaningful to them (eg Braille note, magnifiers, CCTV, Rogers)
- Provide an age-appropriate and engaging environment that encourages clients to develop their social, co-operative and communication skills

## About RoboTech

To assist clients to access robotic technology resources and learning experiences in a supportive environment. Children with sensory needs may miss out on inclusive STEM-based experiences at school due to lack of appropriate supports, or modified resources and modes of access (for example, Braille Lego Instructions).

## What to bring:

Please bring a drink bottle and your lunch.

## Parents/caregivers

Parents/caregivers are required to sign their child in at the start of the session. Participants attend the sessions independently from their parents/caregivers, unless 1:1 support is required. Parents are encouraged to use our kitchen and lounge facilities if they wish to stay close by.

## Funding

This program can be funded through your NDIS plan or as a fee for service charge.

## Staff

This program has been planned with input from an Occupational Therapists and Assistive Technology Specialists. The group will be facilitated by an Occupational Therapist with involvement from a Youth Worker, Allied Health Assistant and/or Developmental Educator.
